Bring your STARS ID Number for STARS hours

SINGING AND SO MUCH MORE AM and PM

Lorraine Bayes offers Folk songs, finger plays, felt boards and FUN. Lorraine uses her many years of experience and expertise with Tickle Tune Typhoon using singing, sign language, poetry, stories, learning props, creative movement and rhythm activities to teach ways to incorporate music throughout your day and in your early childhood curriculum while supporting language development, literacy, physical education, social skills and music appreciation.

ONE CHILD, TWO LANGUAGES AM and PM

Vanessa Maanao offers, supporting preschool age dual language learners. Participants in this session will review the stages of second language acquisition and developmentally appropriate activities specifically designed to support the different stages of language. Participants will leave with strategies that can be integrated into their practice such as Total Physical Response (TPR) and Dialogic Reading.

ART REALLY TEACHES AM and PM

Renee Huizenga offers Art really teaches. Release your inner artist. When young children play creatively with visual art materials they are acquiring skills they will use for the rest of their lives. Give yourself an opportunity to interact with a variety of media and experience art appreciation "early childhood style" as you make art based on works by famous American artists.

STORYTELLING AM and PM

Carol Spencer-Coons. Learn how Storytelling can bring new learning outcomes into your classroom. Explore the benefits of telling stories to encourage positive discipline, social awareness and academic confidence in 2 to 5 year olds. No note taking needed-this is a hands on experience.

LARGE MUSCLE ACTIVITIES PM ONLY

Sarah Weir offers Large muscle activities for everyone. You don't have to be an athlete to get moving and have fun. This is an "in real life" workshop to get you and your kids moving with the equipment and space you already have.

SCIENCE FUN. AM ONLY

Starla Bailey offers Eruptions, potions and more...Science fun with young children. Learn simple, cheap and oh-so spectacular ways to erupt volcanoes, send corks into space and much more. This hands on workshop is a definite BLAST!
