Residential home values have not been significantly impacted by COVID-19 to date.

(Commercial properties are a different story)

- Overall, home values and sale prices have been relatively flat compared to last year.
- As always, values vary from city to city and neighborhood to neighborhood.
- One significant factor in residential home values in King County is the increase in values in Seattle suburbs, especially in the south end.
- While housing values have remained relatively steady so far, some commercial sectors have had their values severely impacted. These changes in value will be reflected in the 2021 assessed value for taxes payable in 2022.

Eligibility for the Senior Property Tax Reduction Program has been expanded, and you can apply online

- The annual household income limit is now \$58,423 including Social Security and other sources.
- Born in 1958 or earlier, or disabled and unable to work in 2019 or earlier
- Own the residence as of 12/31/2019. Occupy as a primary residence 9 months each year

Go to TaxRelief.KingCounty.Gov to apply online

Let us know if the value of your commercial property was affected by COVID-19 restrictions

- Housing values have remained steady
- Some commercial sectors have had their values significantly hammered by being temporarily closed or their operations constrained.
- Changes in value caused by COVID will be reflected in the 2021 assessed value for taxes payable in 2022.

King County Budget 2021-2022

OFFICE OF PERFORMANCE, STRATEGY AND BUDGET

Budget at a Glance

\$12.4 BILLION PROPOSED
FOR 2021-2022

15,000+ EMPLOYEES

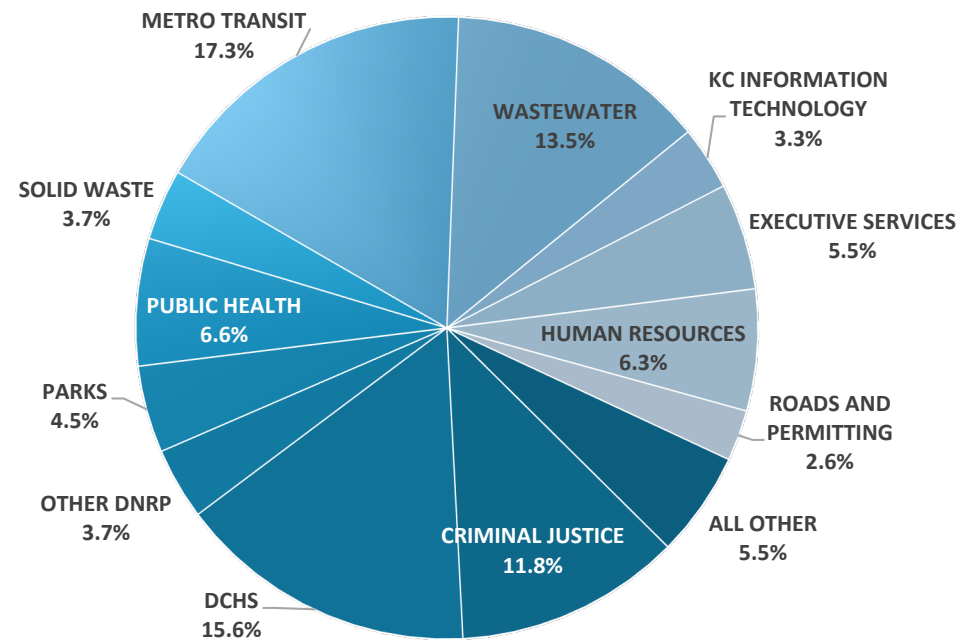

60+ PROGRAMS, BOTH
REGIONAL AND LOCAL

SERVING 2.2 MILLION
RESIDENTS (12TH LARGEST
COUNTY IN THE U.S.)

Where does our funding go?

Based on 2021-2022 Proposed Budget

Restrictions on revenue

State law and the King County Charter impose restrictions on the uses of many revenues.

For example, revenues collected from solid waste disposal charges must be used for solid waste programs and cannot be diverted to parks or human services.

King County's finances are organized into about 140 different funds, each with its own revenue sources and expenditures.

The only truly flexible source of funds is the General Fund. General Fund revenues are severely limited by State law. The State and cities have much more revenue flexibility than counties.

Leading Economic Indicators – 2000-2020: Largest single-month change ever in March but some parts of the economy have started to bounce back

King County residents filed 458,474 new unemployment claims from March 1 – August 1;

July countywide unemployment rate was 8.3%;

July statewide unemployment rate was 10.2%

King County's Economic Outlook

August Revenue Forecast

Decline in taxable sales from the March 1 forecast:

2020: -15.8%

2021: -14.8%

2022: -12.4%

Programs that are particularly impacted are those funded by the General Fund, Transit, Mental Illness and Drug Dependency (MIDD), rental car sales tax, and the lodging tax

2021-2022 Budget

2021-2022 budget discussions will be dominated by three issues:

1. COVID-19 response (Public Health, homeless shelter deintensification, transit, etc.)
2. Revenue consequences of the recession caused by COVID-19
3. Anti-racism agenda

COVID-19 Response

- Activities in 2020 are paid for with federal and state funds:
 - Public Health testing, outreach, contact tracing, etc.
 - Homeless shelter deintensification
 - Isolation and quarantine facilities
 - Grants for food assistance, rental assistance, small business support, etc.
- Federal funding ends as of December 30, 2020; Congress is gridlocked on a new bill
- If no federal or state funds are provided, King County's COVID-19 response will be dramatically reduced in January
- Executive Constantine's Proposed Budget includes short-term funding to buy time for federal action in January

How does a recession impact demand?

Demand goes down: Transit, Solid Waste, Permitting (with correlated drops in fee-for-service revenue)

Demand goes up: Public Health clinics, Employment Services, Behavioral Health Medicaid services (with some correlated increase in Medicaid revenue for DPH and DCHS)

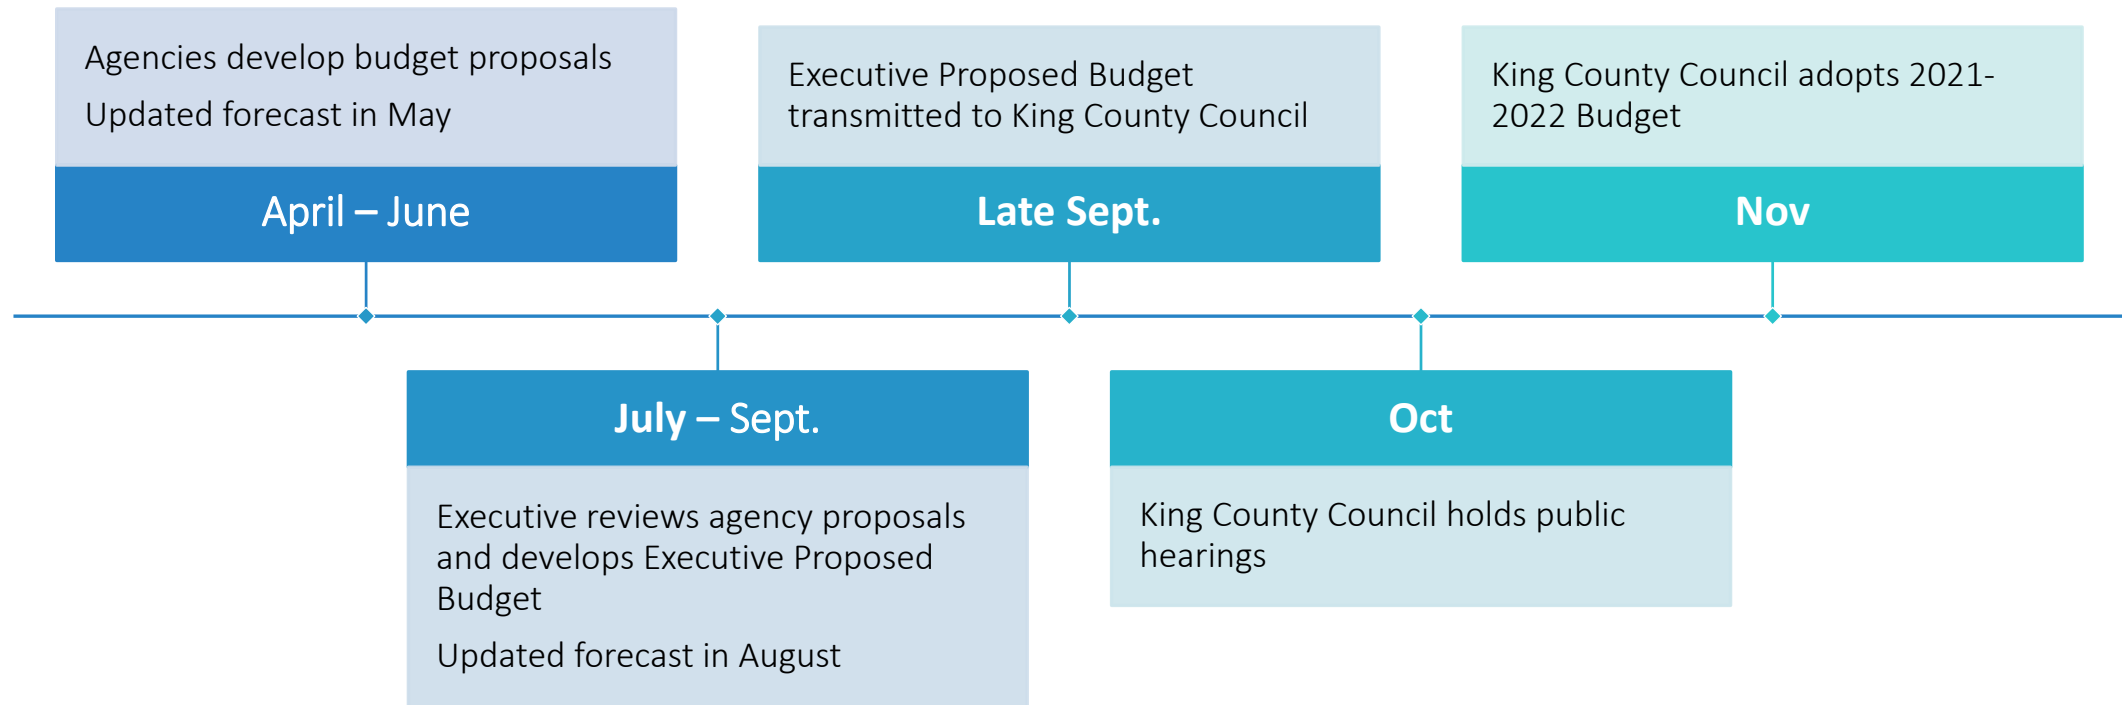

Inequities are exacerbated

Anti-Racism Agenda

- The Executive, Council, and many communities are committed to an anti-racism agenda
- This agenda is reflected in Executive Constantine's 2021-2022 Proposed Budget; including:
 - Keeping jail population low post-COVID
 - Shifting marijuana tax revenue from law enforcement to community programs (no cuts to unincorporated patrol staffing)
 - Continuing to reduce juvenile detention and adult caseload through community diversion and restitution
 - Engaging communities in program design and participatory budgeting
 - Expanding community investment (housing, jobs, etc.)
- Goal is to gradually shift funding over several budget cycles
