

The Elephant in the Democratic Party - Racism in Political Institutions

Racism is alive and well in the Pacific Northwest and in liberal spaces. Join us for a 90-minute presentation which will cover the history of systemic racism in political institutions and Progressive policies, and how it continues today. As members and leaders in the Democratic Party, we will gain new tools on how we can listen, reflect, and engage in important conversations that are necessary as we continue the fight against racism.

Presented by Olgy Diaz who serves as a PCO in the 29th Legislative District as well as on the Boards of Casa Latina, Institute for a Democratic Future, and the National Women's Political Caucus of WA.

This is a FREE presentation offered to the community by the 34th Democrats.
